

Women in the Horticulture Industry

Technical Requirements

As the majority of the training will be online, the candidates must meet the following technical requirements. They must have access to:

- A computer (with speakers)
- A webcam OR microphone
- High Speed Internet - DSL/Cable or LAN. (i.e. preferably not Dial Up*)
 - * To test the speed of your Internet, follow the instructions below (Test Your Computer).

If you have any questions about the technical requirements, please contact the Project Manager to clarify if you are eligible to take part.

Test Your Computer

It is recommended that you test your computer prior to attending a meeting. You can do this by going to:

https://admin.adobe.acrobat.com/common/help/en/support/meeting_test.htm

1. The Connection Test checks your computer to make sure all system requirements are met. If you pass the first three steps of the test, then you are ready to participate in a meeting.

Tip: The fourth step of the Connection Test is for the Acrobat Connect Add-In which is only required for Meeting Hosts and Presenters. Installing the Add-In is not required, but doing so enhances your meeting experience.

2. If you do not pass the Connection Test, perform the suggested actions and run the test again.

Required Software

Connect Pro only requires that you have an internet connection, a web browser, and Adobe Flash Player Version 8 or later to attend a web conference. Connect Pro supports nearly any operating system including Windows, Macintosh, Linux and Solaris, as well as the most widely used browsers including Internet Explorer, Firefox, and Safari. To download the latest version of Adobe Flash Player, click on the following link. <http://get.adobe.com/flashplayer/>
